Dearborn MI 48126

Fadi A. Saab, MD, FACC, FSCAI, FASE is board-certified in cardiovascular medicine and interventional cardiology. He specializes in endovascular revascularization of peripheral vascular disease (PVD) and critical limb ischemia (CLI). Dr Saab completed his internal medicine residency at Detroit Medical Center-Sinai Grace Hospital, a cardiology outcome research fellowship at University of Michigan, a noninvasive cardiology fellowship at St. John Hospital & Medical Center, and fellowships in cardiovascular medicine and interventional cardiology at Baystate Medical Center, affiliated with Tufts University School of Medicine, Springfield, MA. Dr. Saab is a Clinical Associate Professor of Medicine at Michigan State University College of Human Medicine. He participates in clinical trials and publishes on the topics of critical limb ischemia and limb salvage. Dr. Saab is the Medical Director of Endovascular Therapy and Medical Director of Cardiovascular Research at Dearborn Cardiology and Michigan Outpatient Vascular Institute. He is a Course Director of the Amputation Prevention Symposium, Board Member of the Outpatient Endovascular and Interventional Society (OEIS) and the Multidisciplinary Outpatient Cardiovascular Association, an active member of the CLI Global Society, and Chair of the CLI Global Society Publications Committee.
